ELECTION STUDY 2010

To our interviewees

Thanks to your and many others' kind co-operation, we have been able to conduct an interview survey in connection with this year's election. We hope that the survey will bring valuable and reliable results.

Our survey is concluded with this mail questionnaire. Among other things it contains some questions, which we for practical reasons were unable to include in the interviews made before the election.

We would be very grateful if you could answer the questions and then return the questionnaire in the enclosed envelope. The address is printed on the envelope and no stamp is needed. Please post the envelope as soon as possible, preferably already today or tomorrow.

The results of our study will only be presented as numbers in tables. These tables will *never* reveal the answers of any individual person. Your answers are protected by the Secrecy Act. According to the Secrecy Act, chapter 9, section 4, the confidentiality of statistical evidence means that the interviewers and everybody else working on the study are bound by confidentiality. Your answers are *not* in the public domain.

If you have any questions about the study, you may phone Statistics Sweden at 08-506 940 00, and ask to speak to someone working on election statistics. You may also ask to be telephoned by us.

With kind regards
