**ANU AUSTRALIAN
ELECTION STUDY**

Questionnaire booklet

2019

Welcome to the 2019 Australian Election Study (AES)!

This questionnaire is designed to be completed by Australian citizens aged 18 years and over. If any household member is part of the AES community and completed in 2016, we ask that they also be the person to complete the survey this time.

The questionnaire will take around 30 minutes to complete, depending on your answers. By participating, you will help us understand how the public feels about issues facing the country at the time of each Federal election.

To thank you for your help, we will send you a further \$20 gift card once we receive your completed survey.

Remember, you can still complete online by visiting www.srcentre.com.au/aes and entering the login code provided in the letter we sent you. Completing online is our preference as it helps us process responses more quickly and means you can recycle this booklet.

Your participation in the survey is voluntary. If there are any questions you don't want to answer, you can skip over them without providing a response. Your views will remain strictly confidential and will be reported only as part of the general findings from the survey.

For further information regarding the study, please go to the following Participant Information page: www.srcentre.com.au/election

HOW TO FILL OUT THIS QUESTIONNAIRE

1. To answer most of the questions you only need to select a response. Please select the response which is closest to your view – there are no right or wrong answers. We just want your opinions.

Here is an example.

Do you think the government should spend more or less on education?

Spend more on education	<input checked="" type="checkbox"/>	1
Spend less on education	<input type="checkbox"/>	2
Can't choose	<input type="checkbox"/>	3

If you think the government should spend more on education, you would place a cross **X** in the box next to the first response.

2. Sometimes you are asked to write in an answer – in that case, simply write your answer in the space provided.

What is your age?

 Please write in as a number

3. Please read each question carefully. Sometimes additional information that will help you answer the question will appear next to this symbol .

 Remember, there are no right or wrong answers – we just want to know your own personal opinions.

If you have any questions or concerns about the survey, please call 1800 023 040 or email the Social Research Centre on: aes@srcentre.com.au.
