

2004 Pre-Election\_Upper House

Q1: We will ask you about the candidates who have completed the procedures for running for the upcoming upper house election in this district.

Note for the surveyor: Hand the candidate list A to the respondent. On the list are the names of the candidate and a thermometer.

Circle the number of the candidates in each checked district → 1 2 3 4 5 6
2 3 4 5 6 more than 7

(1) Of the following candidates, which names do you know? Please answer by number.

[Note: The surveyor asks the respondent to answer the name in the order he or she knows, not in ascending order, from number 1 of the candidate list.]

(2) How much do you know about the candidate? (If the respondent does not know any name in question (1), circle 3. I do not know.)

(3) (To the respondents who answered "I know well" or "I know a little.") If you have neutral feelings about the candidate, please mark 50 on the thermometer. If you have positive feelings, please indicate from 50 to 100 according to the level of your feelings. If you have negative feelings, please indicate from 0 to 50 according to the level of your feelings.)

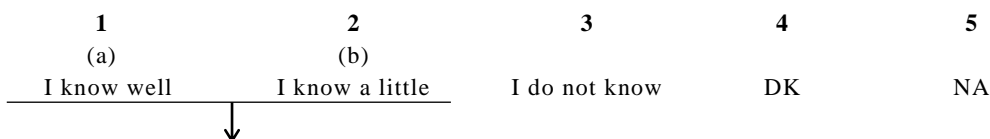

[Note: please enter the code 111 for DK and 222 for NA.]

The surveyor repeats the above-mentioned three question patterns until the respondent finishes the names mentioned (for the maximum number of the candidates). (The maximum number that can be recorded is 6.) When the respondent stops mentioning names, the surveyor always remembers to ask "Anyone else?"
