1.Hard to change/      5.Change mind easily/

50. There are many organizations in America that try to get the government or the American people to see things more their way. We would like to get your feelings towards some of these organizations.

You may remember from our first interview that you used this "feeling thermometer" (INTERVIEWER HANDS OVER CARD I) to show your feelings toward different groups. This time we would like you to use it for organizations.

Just like with the groups, if you don't know too much about an organization or don't feel particularly warm or cold toward it, then you should place it in the middle, at the 50 degree mark.

If you have a warm feeling toward an organization, or feel favorably toward it, you would give it a score somewhere between 50 and 100 degrees, depending on how warm your feeling is toward the organization.

On the other hand, if you don't feel very favorably toward some of these organizations, then you should place them somewhere between 0 and 50 degrees.

- 50a. Our first organization is the NAACP, the National Association for the Advancement of Colored People. Have you heard anything about this organization?
