Pre-Election and Post-Election Survey Questionnaires

August 8, 2025

ABOUT THESE QUESTIONNARIRES

When reviewing the questionnaire, please keep in mind that:

- The questionnaire focus is on the interviewer-administered version of the questionnaire. However, questions were modified as necessary to accommodate other modes such as online interviewing. An example of such a modification would be removing references to participant/respondent booklets.

- Except for the CASI (Computer-Assisted Self-Interview) section and some open-ended items, interviewers in the interviewer-administered mode could accept "don't know" answers from respondents.

- When the interviewer-administered interview was conducted by phone and video-conference rather than in person, the CASI section was also administered directly by the interviewer with all questions read aloud and all answers also provided aloud directly from the respondent to the interviewer.

- Unless the label for a question indicates otherwise, the question was asked in all survey modes (web, phone, video-conference, and in person).

We hope you find this questionnaire to be useful. We would appreciate being notified of any errors by email to: anes@electionstudies.org

Thank you!

Survey Question	**Now we have a set of questions concerning various public figures.** **We are interested in the guesses people make when they do not know the answer to a question. We will ask you about several public figures. Some may be easy, but others are meant to be so difficult that you will have to guess.** **In fact, for some of these questions, if you answer correctly, we will know that you probably looked up the answer.** **Please do not look up the answers you do not know. Instead, please just make your best guess.** **Will you please promise to try your best without looking up any answers? Or do you not want to make that promise?** **1. I promise to try my best without looking up any answers** **2. I do not want to make that promise**
